

Leadershield Network: Agent FAQ Sheet

Product & Platform

What is the Merchant Growth Platform?

The Merchant Growth Platform is a subscription-based service designed to help merchants improve their financial visibility, accelerate revenue, and automate their marketing. It's a recurring revenue product that provides a stable, long-term income stream for our agents.

What are the different tiers of the Merchant Growth Platform?

There are three tiers:

- **Tier 1: Merchant Essentials (\$199/mo):** Focuses on financial discipline with tools for reporting, forecasting, and expense tracking.
- **Tier 2: Growth Accelerator (\$429/mo):** Adds revenue-generating features like Google Business optimization, review capture, and marketing automation.
- **Tier 3: Elite AI Revenue System (\$749/mo):** Introduces advanced AI-driven systems for lead generation, appointment booking, and conversion optimization.

What is the MCA program?

Our Merchant Cash Advance (MCA) program provides businesses with quick access to working capital. It's a traditional funding product that complements the Merchant Growth Platform.

Can I sell the platform and an MCA to the same merchant?

Absolutely. In fact, we encourage it. When you pair a new subscription with a funded MCA, you'll receive a 5% commission enhancement for the first three months of the subscription.

Is there a fee to be a Leadershield Network agent?

Yes, there is a \$99 monthly platform fee. This fee gives you access to our CRM, reporting dashboards, training materials, and support. The fee can be reduced or waived entirely based on your monthly production.

Commissions & Compensation

How do I earn commissions on the Merchant Growth Platform?

You earn a percentage of the collected monthly subscription revenue. The commission pool

varies by tier: 50% for Tier 1, 60% for Tier 2, and 70% for Tier 3.

What is the commission decay schedule?

To provide a strong upfront incentive, the commission percentage is highest in the first three months and then gradually decreases over the first year. For example, on a Tier 2 deal, you'll earn 60% for months 1-3, 45% for months 4-6, 30% for months 7-9, and 15% for months 10-12.

How do I earn residual income?

After the first 12 months, you will continue to earn a 10% residual commission on the subscription for the life of the account, as long as you meet the minimum monthly production requirements.

How do I earn commissions on MCAs?

MCA commissions are paid from the Gross Brokerage Revenue (GBR). As a Primary Referring Agent, you will earn 22% of the GBR. If you are a Sponsor, you can also earn an override on the production of the agents you sponsor.

Are there any bonuses?

Yes. High-producing agents can earn a quarterly performance accelerator bonus of up to 3% of their personal GBR.

Roles & Responsibilities

What is the difference between a Primary Referring Agent and a Fulfillment Agent?

The Primary Referring Agent (or "Opener") is responsible for sourcing and qualifying the merchant. The Fulfillment Agent (or "Closer") is responsible for coordinating the underwriting and funding process.

How do I become a Sponsor?

As you build your business, you can sponsor other agents to join Leadershield Network. As a Sponsor, you will provide coaching and support to your team and earn an override commission on their production.

Getting Started

How do I get started as a new agent?

The first step is to complete your profile in the agent portal and go through our online training modules. This will give you a solid foundation in our products, processes, and compliance guidelines.

Is there training and support available?

Yes. We provide comprehensive online training, as well as ongoing support from our team. You will also have access to a CRM and other tools to help you manage your business.
