3. Our Products: The Merchant Growth Platform

4. The Merchant Cash Advance (MCA) Program

In addition to the Merchant Growth Platform, we offer a traditional Merchant Cash Advance (MCA) program. This program provides businesses with quick and flexible access to working capital. The MCA program is a powerful tool that can be offered alongside the Merchant Growth Platform, providing a holistic solution for merchants' financial needs.

Pairing an MCA with a subscription to the Merchant Growth Platform not only provides immediate value to the merchant but also enhances your commission. This synergistic approach is a core component of the Leadershield Network strategy.

5. Your Compensation

Our compensation plan is designed to be both lucrative and sustainable, rewarding you for both new sales and long-term merchant relationships.

Merchant Growth Platform Commissions

Commissions for the Merchant Growth Platform are based on a percentage of the collected monthly subscription revenue.

Tier	Commission Pool
Tier 1	50%
Tier 2	60%
Tier 3	70%

Commission Decay Schedule: To align with merchant retention, the commission percentage decays over the first 12 months. Here is an example for a Tier 2 subscription:

- **Months 1-3:** 60%
- **Months 4-6:** 45%
- **Months 7-9:** 30%
- **Months 10-12:** 15%

Residual Income: After month 12, you will continue to earn a 10% residual commission for the life of the subscription, provided you meet the minimum production requirements.

MCA Pairing Enhancement: When you pair a new subscription with a funded MCA, you will receive a 5% commission enhancement for the first three months of the subscription.

MCA Commissions

Commissions for MCA transactions are paid from the Gross Brokerage Revenue (GBR) and are structured to reward all contributing agents.

- **Merchant Acquisition Compensation (MAC):** A fixed 30% of the GBR is allocated to the agents who sourced the deal. This is split between the Primary Referring Agent (22%), Senior Referral Sponsor (5%), and Executive Referral Sponsor (3%).
- **Quarterly Performance Accelerators:** High-producing agents can earn a bonus of up to 3% of their personal GBR each quarter.
- **Renewal Commissions:** You will continue to earn commissions on renewed MCA deals, with a 15% MAC allocation.

6. Platform Fees & Waivers

To ensure a high-quality and engaged agent network, we have a nominal platform fee structure.

- **Agent Platform Fee:** A \$99 monthly fee provides you with access to our CRM, reporting tools, training, and support. This fee can be reduced or waived entirely based on your monthly production.
- **Agency Platform Fees:** For agents who build and manage a team, there is a tiered monthly fee based on the number of agents in your organization. These fees can also be waived based on the total production of your agency.
